

iVIEW-754TPC Rear Panel Replacement

Prerequisite Only

Written By: Robert Clark

TOOLS:

- [iFixit Opening Tools](#) (1)
-

Step 1 — Rear Panel

i Before disassembling your tablet, make sure it is powered off.

- Use plastic opening tool to release the clips holding the device together. The clips will take a small amount of pressure to release. Once you have the plastic opening tool inserted, use a twisting action to release the clips. Start from bottom of device and work all the way around.

To reassemble your device, follow these instructions in reverse order.
